

Come Meet The Midwives of Sutter Davis Hospital!

Midwifery Services at Sutter Davis Birthing Center

Midwives deliver most of the babies born at Sutter Davis Birthing Center.. Midwives provide "hands-on" care throughout labor, birth and after. There are many benefits in being cared for by a midwife: there is less chance of complications and fewer interventions. You will enjoy the extended time midwives spend with you during labor and birth. Midwives understand that pregnancy and childbirth are normal, healthy processes.that involve every part of a woman – her feelings, hopes, fears, physical needs, and spiritual beliefs. Your midwife will help you through your labor and delivery and offer a variety of methods for your comfort and progress. Most of the midwives speak Spanish.

Meet The Midwives!

Sutter Davis offers a "Meet The Midwives" program four times a year. This is your opportunity to meet all the midwives who may deliver your baby, ask questions, and talk with other women and families from Sutter West Women's Health and Communicare clinics.

Meeting information:

Meetings are held on the following Thursday evenings at 7 pm:

March 12, June 18, October 1, December 10, 2009.

Meetings are held in the Sutter Davis Hospital Meeting Rooms (located in the hospital next to the cafeteria; behind the main lobby). The hospital is located at 2000 Sutter Place in Davis.
